MESSAGE FROM THE GOVERNOR

MR. SPEAKER:

I am directed by the Governor to return herewith House Bill No. 852, without his signature, separate message attached.

WILLIAM C. KOCH, JR.,
Counsel to the Governor.

Dear Mr. Speaker:

I am returning House Bill No. 852 / Senate Bill No. 701 without my signature. I have taken this action not because I disagree with the intent of the bill but because its language is vague and could be interpreted to have an effect not intended by its sponsors.

The purpose of this bill was to supplement the State Building Commission's current policy on retainage in construction contracts. It was intended to provide that the State's retainage on certain contracts could be limited to five percent of the contract amount if the State Building Commission determined that the contractor does business in this State primarily and has a demonstrated ability to perform the work required by the contract. However, the language of the bill is vague insofar as the ability of the State Building Commission to include retainage requirements in construction contracts is concerned and also with reference to contractors who do not meet the bill's criteria to be eligible to be considered for a contract providing for five percent retainage.

While the State Building Commission may be able to administer this program with difficulty, it is not required to depart from its normal retainage procedures because the bill's terms are discretionary. The

State Building Commission may wish to consider this legislation during the next few months and then propose clarifying legislation to the next session of the Legislature.

Sincerely,

Lamar Alexander

House Bill No. 852 becomes law without the Governor's signature, as authorized by Article III, Section 18 of the Constitution of the State of Tennessee.
